REACHING SCANDINAVIA BY WAY OF JESUS

Dear Pastors, Churches, and Praying Friends,

Thank you for your prayers and support for our family and ministry. September and October have come and gone in what seems like a blink of the eye. We had an enjoyable summer here in Sweden and were able to make some good memories as a family. The winter season is now quickly approaching; the sun is coming up later and going down earlier with each day that passes. I (Don) began language school again in September after a several-month pause due the coronavirus restrictions that were imposed on the adult education centers. **My progress and skill in the Swedish language seems to be advancing little by little each week. Your prayers for us regarding the language are much needed and greatly appreciated.**

The cool season has brought with it an increase of coronavirus cases in our region. Sweden is divided into several regions, and eight of them have been recommended to observe tighter restrictions. Our region, Jönköpings län, is one of these regions. The European Union has also extended its current travel ban on non-business travelers from the United States (along with several other nations) until December 22. We have family that is scheduled to travel here immediately after this date, and we are hopeful that the trip will not have to be rescheduled. Lord-willing, things will soon revert to normal and God's people will come through this entire ordeal with a greater resolve to lean on Him at all times.

Our oldest son, Landon, turned 7 on October 22. We praise the Lord for him, as we do for all of our children that God has graciously given us. Landon and Laban are both doing well in school and are learning to speak Swedish also. We are thankful that we have the prayers and support of many churches and friends that regularly pray not only for our ministry, but also for our family.

In Christ, and with love and thanks from Sweden,

Don & Beverly Sixt  
Landon, Laban, Caelyn & Carson

**PRAYER REQUESTS**

- \* Language
- \* Smålands Baptist Assembly
- \* Building relationships
